Waiti, Waitā, Tupuānuku, Tupuāangi, Ururangi, Waipuna-ā-rangi, Tihei Matariki

Hikurangi ki runga, Hikurangi ki raro, ka mate kāinga tahi, ka ora kāinga rua

Mate atu he tētēkura ara mai he tētēkura

Mate atu he toa ara mai rā he toa

Tihei Kahungunu!

We celebrate the rebirth of Matariki and as some say, "The eyes of God are upon us" as we move from one era to the next. We reflect on those things we have done in the past, take a breath and build on them for the future, in the process of renewal and rejuvenation.

We are seeking new leaders to take charge. Our iwi officers are here to take direction from our champions who will shape our future. We have celebrated the start of our Rangatahi development programme. We have launched Te Matau-a-Maui into an 18 month Pacific voyage. We have continued to celebrate Kahungunutanga at every opportunity with pride and hope.

Kahungunu is in good hands now and will be for the future. Let's invest in ourselves with the belief that Kahungunu people can meet every challenge, for every generation and for every era.

Kahungunu karanga, Takitimu maranga,

Kahungunu, kia eke!

Nā Ngāhiwi Tomoana
Chairman

matariki - the māori new year

Over the past month Ngāti Kahungunu whānau have enjoyed the festivities of Matariki - the Māori New Year. At this time of year whānau members return home for kinship and give thanks for the harvest by sharing a meal with whānau and friends.

To kick off this year's Matariki events, the Kahungunu ki Tamaki Nui a Rua 'Events Team' invited local schools to participate in a Matariki information series that involved children coming in droves to the local picture theatre to watch a 15 minute Matariki DVD to learn all about Matariki. Later that week, the Dannevirke community went to the Dannevirke Sports Centre for LIVE Entertainment, Arts and Craft Stalls and lots of Food stalls. It was a great success!

Various pictures taken at the Tamaki Nui A Rua Matariki event held on the 10th June 2011.

The Matariki events in other areas of Kahungunu have continued to be of great success as local leaders have taken on more responsibility for the planning of these events. More pictures and information will be available on facebook.com/kahungunu.

Happy belated Matariki!

"ko ngā rangatahi ngā rangātira o āpōpō our youth are tomorrow's leaders"

Ngāti Kahungunu is committed to strengthening our whānau, hapū and iwi. We recognise that we must act now to ensure that Rangatahi (12 -30 years old) have the skills, attributes and support to be leaders in our communities, now and in the future.

On Sunday 5th June Ngāti Kahungunu Iwi Incorporated hosted a hui to give Rangatahi an opportunity to have their say about how the iwi can support them to reach their full potential. Workshops were held to allow Rangatahi the opportunity to express their ideas. The talent and passion within our Rangatahi was evident during this hui and was very awe inspiring.

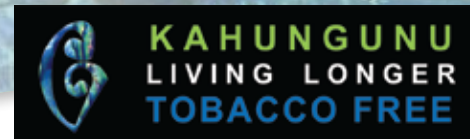

A group of Rangatahi have taken up the challenge to be part of the initial Rangatahi Advisory Group to be in charge of developing, prioritising and implementing the ideas that came out of the workshops.

If you are interested in this kaupapa and you want to be a part of shaping our future, then please contact the iwi office to find out how you can be involved.

te ara toiora

Our Rangatahi are leading the way to a healthier future.

On the 1st June a Rangatahi Tobacco Free Summit was held. The summit was video linked between Masterton and Hastings with 40 Rangatahi attending from 6 Colleges. It was really cool actually.

The kaupapa of the Summit was to acknowledge Rangatahi activities that support and progress the aims of the Ngāti Kahungunu Iwi Tupeka Kore (Tobacco Free) Strategy and it was an opportunity for Rangatahi to:

- **Connect** – to discover what other Rangatahi are doing across the Kahungunu rohe;
- **Celebrate** – to highlight achievements to date
- **Explore** – to discover opportunities going forward
- **Share** – to build and strengthen ideas, plans, hopes, and the future vision
- **Feast** – to enjoy the fruits and experiences from one another and be sustained in wellbeing

The video linking opportunity made this activity easy to manage, enjoyable by all participants and inclusive for our interested Rangatahi. The only thing they couldn't share was their food. The CEO of Quiltline Paula Snowden and Senior Māori Advisor Des Kelly video linked into the hui from Wellington to congratulate the Rangatahi in Kahungunu for their stand on being 'Tobacco Free'. Their encouraging words and thoughts were appreciated and helped the day go exceptionally well.

OUTCOME OF THE HUI

These are the main things that Rangatahi want to implement in order to support the Tobacco Free Strategy;

1. **Kahungunutanga:** Establish Kahungunu Ambassadors with Rangatahi Champions for iwi health and wellbeing;
2. **Manaakitanga:** Provide support to schools for Rangatahi who wish to stop smoking; and
3. **Whānau whanui:** Provide support packs for Rangatahi who wish to manaaki their whānau to stop smoking.

These suggestions will be discussed further at the next Tobacco Action Group hui being held 14th July 2011.

If you or someone you know may be interested in receiving more information or if you are a Rangatahi and you are interested in becoming a Kahungunu Ambassador and Champion for iwi health and wellbeing, then please contact the iwi office immediately.

fisheries update

Our natural environment provides our physical sustenance as well as being a reminder of tipuna and the spiritual aspect of our existence. The health of our environment has a direct influence on the health of our people. For this purpose we are charged to preserve and protect our air, water and lands and the resources within for the benefit and survival of ourselves and our mokopuna.

FISH HOOK SUMMIT

On 10th March this year the inaugural Fish Hook Summit was held. This event was an opportunity for Hapū o Ngāti Kahungunu to connect and communicate, celebrate what's been achieved, and explore opportunities and share ideas for going forward. It was a positive event and we received enthusiastic reviews. Plans are underway to make it a regular part of our events calendar with the next Summit planned for 9th and 10th March next year.

WAI WĀNANGA

The first in a series of WAI wānanga for ngā hapū o Ngāti Kahungunu was held at Ruahapia Marae on 13th May. Two more wānanga will be held in Wairarapa (19th and 20th August) and Wairoa (11th and 12th November). These wānanga build on the series of hapū rohe moana planning wānanga that were held over the previous year. The purpose of wānanga is to rediscover and reaffirm who we are and our values with regard to Wai Māori. At the end of these wānanga we will all be in the position to articulate a 'Kahungunu view' on Wai.

TE WHATA A NGĀTI KAHUNGUNU (Formerly Pataka)

'Te Whata a Ngāti Kahungunu' is the new name of the system that NKII uses to provide fish for Tangihanga of Ngāti Kahungunu whānau. Availability of fish is NOT guaranteed and we rely heavily on the good will of commercial fishermen and Tangaroa. Te Whata a Ngāti Kahungunu utilizes our customary right as tāngata whenua; and operates under Regulation 27 of the Fisheries (Amateur Fishing) Regulations 1986.

Find out more information by phoning: 06 8762718 or Toll Free 0800 KAHUNGUNU (524864) or email Ngaio Tiuka ngaio@kahungunu.iwi.nz

new 12 month calendar

profiling our people

PROFESSOR LIZ MCKINLEY

[BSc, Med, PhD, DipTchg] Submitted by Diane Rewi

Associate Professor Liz McKinley has recently been appointed to the position of Professor in the School of Te Puna Wananga, Auckland University.

Liz is of Ngāti Kahungunu ki Wairarapa/Ngāi Tahu descent. The daughter of Te Kura o te rangi Wi [Buff-deceased] and Eileen Alice McKinley. Mokopuna of Paora Taki and Hineariki [nee Te Apatu] McKinley, and Beatrice and Tom Mouldley. Raised in Carterton, Liz attended Kuranui College and received her Science Degree at the University of Otago.

She held senior teaching roles for 12 years in Waikato and Rotorua secondary schools. Liz received her Doctorate from Waikato University in 1991. She was appointed to the position of Associate Professor, School of Education at the University of Auckland in 2007.

Liz has published extensively in the field of Māori/ Indigenous students and science education and is a frequent keynote speaker at education conferences worldwide.

Her recent work has focused on enabling secondary schools to make the largest positive difference to Māori student outcomes.

Liz has an outstanding record in research leadership, having led the joint New Zealand Government and Auckland University funded Starpath Project for over 4 years. She successfully secured multimillion dollar funding for Starpath Phase 2.

Her brothers and sisters, Jean Field, Diane Rewi, Rhys, David and Sheridan McKinley congratulate her for all she has achieved, to date, in her academic career.

Dr Peti M.M.J. Kenrick [Doctor of Education]

Ko Ngāti Kahungunu, ko Muaūpoko, ko Ngai Tahu ōku iwi. Ko Tākitimu, ko Kurahaupo, ko Ngātōkīmatawhaorua ōku waka.

I tipu ai i raro i te maru o Kahuranaki. Horahia ana te whenua e ngā awa, a, ko Tukituki, ko Ngaruroro, ko Tutaekuri.

No Te Pakipakitanga o Hinetemoa ahau. I te taha o tōku māmā, ko Merihineitakaa Mohi rāua ko Ahipene Hape ōku tipuna.

I te taha o tōku matua, ko Jessie Tomlins rāua ko Tiemi Kenrick ōku tipuna.

Ko Te Rautangata (Rosie) rāua ko Katoa ōku mātua. Ko Peti Mihiroa Mere Jessie Kenrick tōku ingoa.

Recently Dr Peti Kenrick received her PhD in Education. Her thesis focused on the Education system and "the preparation of teachers to teach Māori children." An excerpt from her thesis: "The consequence of a prepared or unprepared teacher is reflected in the student achievement and educational outcomes. A profession that does not prepare their professionals to perform the job they are charged with, do a disservice to their clients. Sadly, poorly prepared teachers are too common, particularly when it comes to teaching Māori children. Concerns raised by participants in this study point clearly at the lack of preparation during their teacher education and later during their induction programme. However, this study did also find teacher education had not completely ignored preparing students to teach Māori children but the approach was limited. Unfortunately, the consequence for Māori children is poor educational outcomes that are too often mirrored in the workforce."

Dr Hukarere Valentine (Registered Clinical Psychologist)

Ngāti Kahungunu ki Heretaunga, Ngāti Kahungunu ki te Wairoa, Taranaki, Tuwharetoa, Ngāti Awa, Tuhoë, Nga Puhi, Ngai Tahu

I was born and raised in Te Pakipaki o Hinetemoa. I began my studies in 2000 with a Bachelor of Arts majoring in Psychology and Māori. I then did a BA (honors) in Psychology and in 2005 I started my doctorate and completed it in January 2010. The Doctorate is a DClinPsych - Doctor of Clinical Psychology. This is a professional doctorate. A PhD is purely research and generic. This one is tailored to a particular profession. It has the same credits as a PhD and is recognised as such however the DClinPsych includes paper components, internship, practicums (x3) and a thesis component. The thesis is titled "Kia Ngawari ki te Awatea, the relationship between wairua and Māori wellbeing a psychological perspective." "I did my internship with the Department of Corrections and I am still employed with Rehabilitation and Reintegration Services, Department of Corrections as a Registered Clinical Psychologist."

Dr Hukarere Valentine graduated in May 2010 as the only Māori to gain a Doctorate of Clinical Psychology from Massey University, making her part of an elite group of only four Māori clinical psychologists in the country.

"Nobody told me that it was going to take five years to write my thesis," Dr Valentine said. "If they had I might not have done it."

Family support from whānau and the Māori community at Massey were what kept her going.

Principal Jessica Munro

Ko Ngāti Kahungunu, ko Muaūpoko, ko Ngai Tahu ōku iwi.

No Te Pakipakitanga o Hinetemoa ahau. Ko Karl rāua ko Jill ōku mātua. Ko Jessica Munro tōku ingoa

Recently Jessica Munro, a former student of Pakipaki Bilingual School took on the position of Principal.

For the past 14 years Jessica has taught at Flaxmere Primary School with a roll of 450-500 students. The school roll at Pakipaki Bilingual School is 45. Jessica looks forward to the one on one opportunity of preparing her young charges for the future.

Pictures taken at Jessica's powhiri welcoming her to new role.

rock n roll - so you can dance!

Recently featured in local papers was Iwi Board member Robert Ropiha and TVNZ News reporter Shane Taurima. These two Kahungunu men were two of eight to judge the New Zealand Amateur Rock n Roll Association's Dance Championships. Robert Ropiha has been involved in Rock n Roll since 1988 and judged at ten national competitions. Shane Taurima has judged at eight national competitions since 2000. Shane also sits on the executive committee as Head Judge of the New Zealand Amateur Rock n Roll Associations.

Rugby • Haka • Hangi Festival

September - October 2011

Kahungunu is welcoming the world to Come Take Us On!

During the Rugby World Cup, Ngāti Kahungunu iwi is staging 5 events in 5 different locations throughout the Kahungunu rohe.

We are proud to welcome players, teams and supporters from around the world to take us on in a game of rugby, in an unforgettable experience both on and off the field in this festival of friendship in the beautiful regions of Wairarapa, Tararua and Hawke's Bay.

Ideally this experience is for our overseas manuhiri, however, our local rugby club members will teach manuhiri a haka, show manuhiri how to prepare a hangi, and then enjoy festivities afterwards.

During this time, the whole town is invited to come out to enjoy the occasion which will have the atmosphere of a sevens tournament with the touch of a country fair.

Date & Locations
Sat 10 September
Carterton Rugby Club Grounds,
Carterton Wairarapa

Sat 17 September
Hastings, Farndon Park, Clive,
